

**The Recommended Heat Treating Facility for the
Treatment of the Tapered Steel sold by
Fisher Knives, Inc. is**

Peters' Heat Treating, Inc.

I have had excellent results from Peters' Heat Treating and I have had wonderful feedback from my customers regarding their great customer service, quick turn around time, cryo treatment and overall great job working with the steel I sell, as well as all other steels. Peters' is now my Heat Treat Facility of choice and I can recommend them to you without any hesitation.

Contact Brad Stallsmith bstall@petersheattreat.com or Jamie Hoegerl jamieh@petersheattreat.com or call them at 814-333-1782 for pricing and information.

PETERS'
